

## MEGA POWER PROJECT IN DUBAI

TENDER NO. CNE/600/2007(R)

### HASSYAN POWER AND DESALINATION STATION 'P I' (STATION 'P' - PHASE I) - (R)

Dubai Electricity & Water Authority (DEWA) intends to construct Hassyhan Power and Desalination Station 'P I' (Station 'P' - Phase I) with a capacity of 1500 MW (Gross) and 100 MIGD water at Hassyhan, Dubai, located at 40 km from Dubai on the Dubai-Abu Dhabi Highway.

- Power Plant Package 'P' - consisting of Gas Turbines associated with Heat Recovery Steam Generators, Auxiliary Boilers, Back Pressure Steam Turbines and all associated works.
- Desalination Package 'D' - consisting of Multi Stage Flash (MSF) Desalination units, Sea water pumps, Potable water pipes and all associated work.
- The Tenderer is allowed to quote either for one package or for both the packages together on Turnkey basis.
- Site levelling work completed. Laydown area provided for Site work, Stores and Labour Camp, etc. available in close proximity with the project site. Construction Power Supply arrangements available at site.
- Alternative offers with design alternative (BPST or CEST, etc.) or with slightly larger power capacities will also be considered.

The Tender Documents can also be purchased through an authorised Courier Service.

The closing date for receipt of completed Tender is 11:00 AM of Tuesday, the 8th July 2008.

For all further details, the office of the Contracts Manager may be contacted at P.O. Box 564, DEWA, Dubai, U.A.E., Telephone: 00971-4-3244444, Fax: 00971-4-3248111, e-mail: [contracts@dewa.gov.ae](mailto:contracts@dewa.gov.ae), or visit DEWA website: <http://www.dewa.gov.ae>.
